GREEN DIARY
December 2023

1st Dec Today, I helped my grandmother to sort and recycle the rubbish.

2nd Dec I put my mobile phone and computer on sleep mode to reduce energy consumption.

3rd Dec Today, I had to buy a bottle of water. Instead of throwing it away, I kept it to reuse it.

4th Dec I walked to school instead of using a car.

5th Dec I wore a warm hoodie at home to avoid turning on the heating.

6th Dec I donated all the clothes I don't use anymore to my cousins so that they can use them.

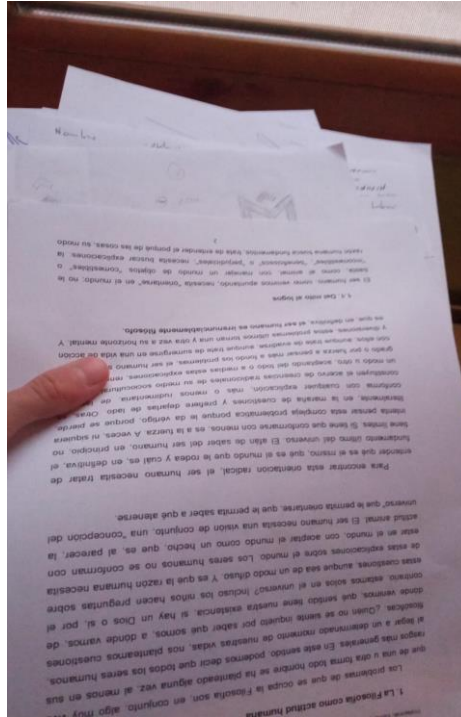

7th Dec This morning I went shopping and I used a reusable bag.

8th Dec I told my mother to buy some LED lightbulbs and use them instead of high-consumption incandescent bulbs.

9th Dec Today, I had a cold shower.

*10th Dec* I reused lots of used paper to revise for my maths exam.

11th Dec I used the dishwasher to save water and energy.

12th Dec I helped my grandmother and my little brother to sort and recycle the rubbish.

13th Dec I cycled to school and other after-school activities instead of using a car.

14th Dec I cycled to school instead of using a car.

*15th Dec* The LED bulbs arrived and I installed them in my lamps.

16th Dec I gave one of my old toys to my little cousin instead of buying a new one.

17th Dec I have met my friends using my bike.

18th Dec Today, I had a cold shower instead of using warm water.

19th Dec My brother and I decorated the Christmas tree with recycled materials, like badges and a star made from old fabric.
