

GREEN DIARY

Laura González & Beatriz Muñoz

3º ESO

Day One

- When I brushed my teeth, I turned the tap off.
- I watered the plants with rain water.

Day Two

- I recycled plastic.
- I didn't throw litter on the floor.

Day Three

- I went to school on foot.
- I went to the supermarket by bicycle.

Day Four

- I used a cloth bag for my supermarket shopping.

Day Five

- I used magazine paper to wrap the presents.
- I used battery powered lights on the Christmas tree to save energy.

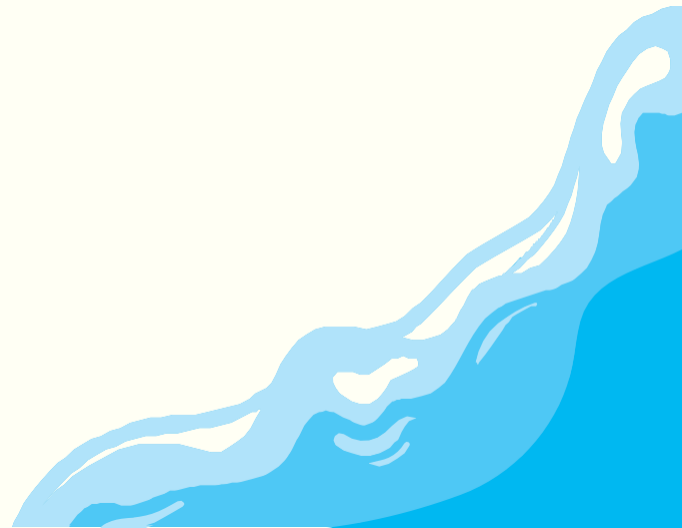

Day Six

- I used a glass water bottle, I don't use plastic bottles.
- I filled the bottle with tap water.

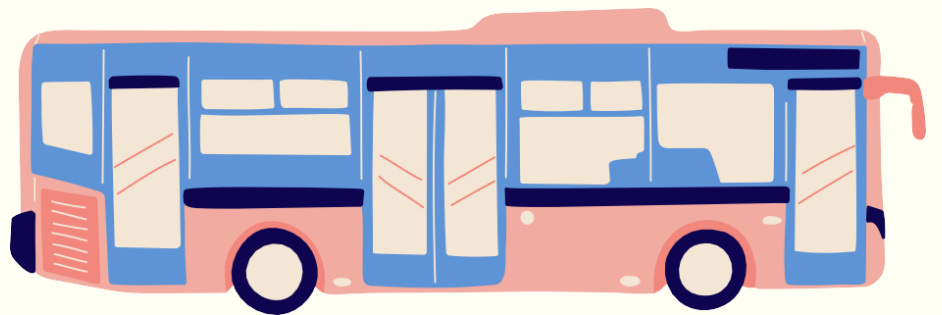

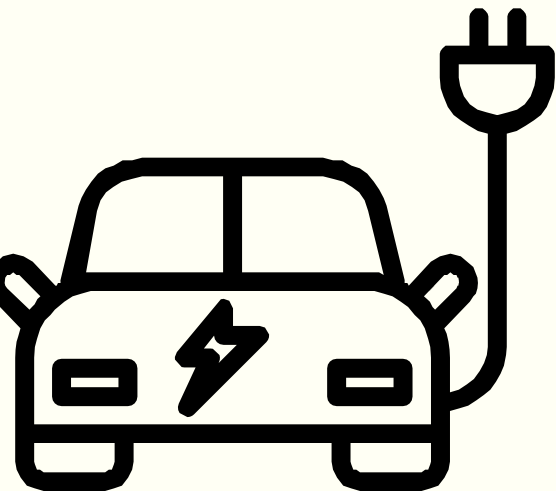

Day Seven

- We cleaned up the school yard.
- We turned off all the computers before leaving school.

Day Eight

- I used public transport today.
- I suggested buying an electric car for my family.

Day Nine

- Today I planted a tree with my cousins!!!

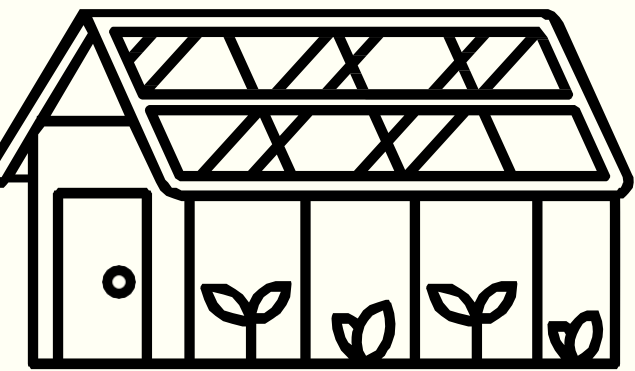

Day Ten

- I used the sunlight until it got dark.
- I didn't leave the lights on when I left the house.

Day Eleven

- I ate seasonal fruit.

Day Twelve

- I turned off my mobile at night.
- I didn't have the chargers connected if the devices were fully charged.

Day Thirteen

- I had a shower instead of a bath.

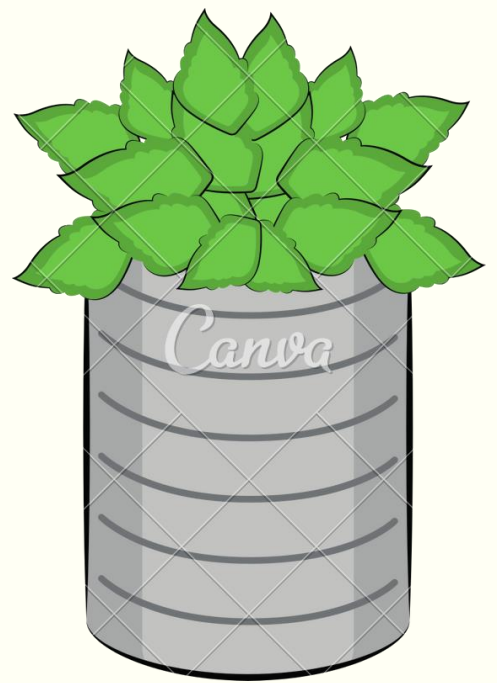

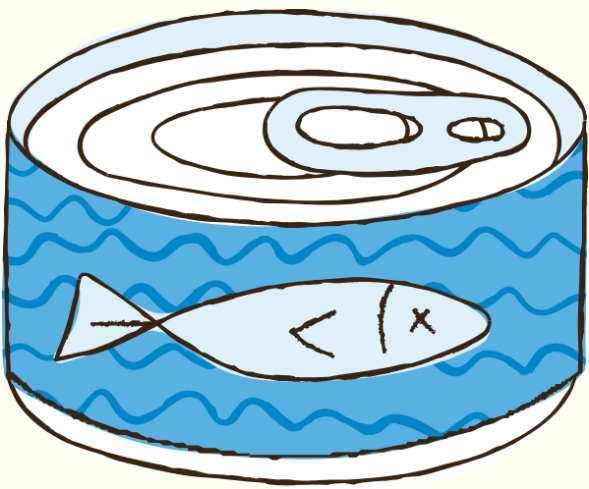

Day Fourteen

- I recycled my clothes.
- Instead of throwing away my clothes, I donated them.

Day Fifteen

- Before recycling cans, I washed them to avoid toxic spills.
- To reuse the cans, I used them as flower pots.

Day Sixteen

- I went to the countryside to collect rubbish.

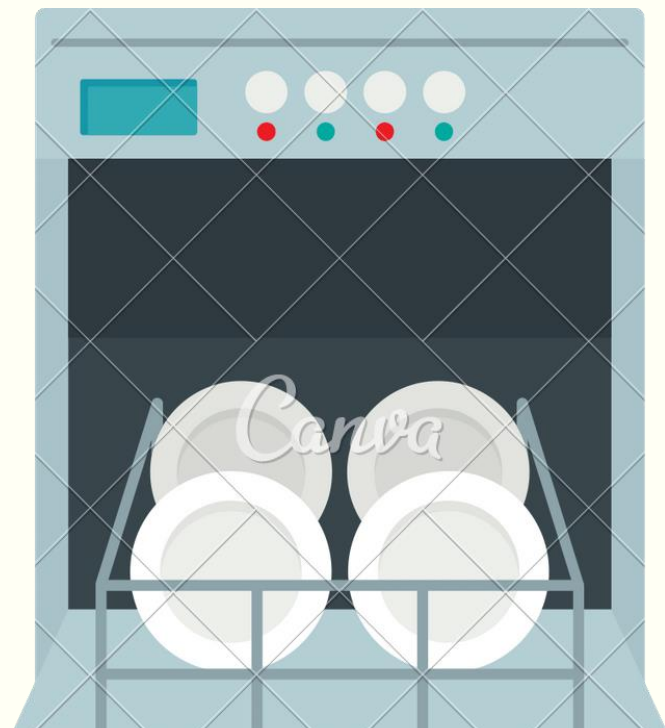

Day Seventeen

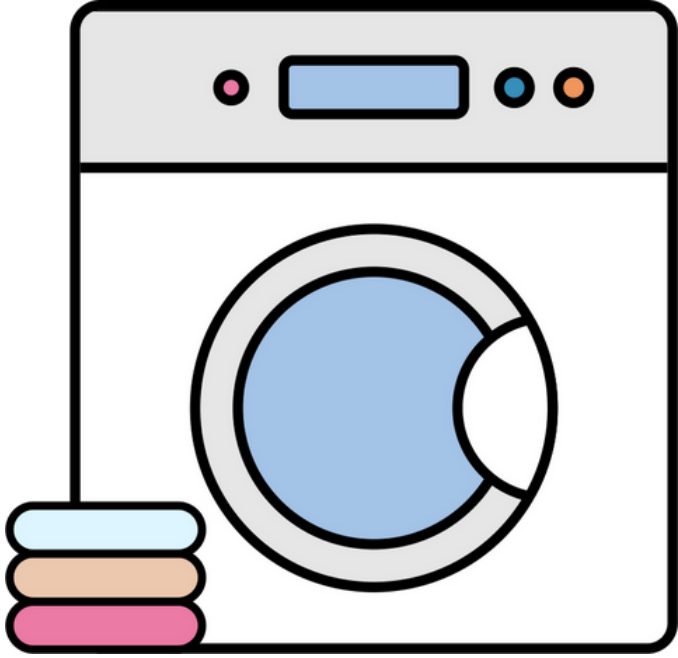

- I reused cardboard to make decorations.
- I made the star of the tree using cardboard and wooden sticks.

Day Eighteen

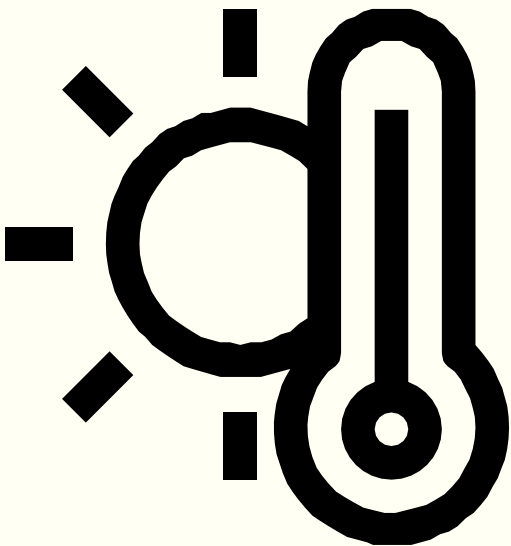

- I filled the washing machine to the brim instead of doing a few loads to save electricity and water.
- I filled the dishwasher to the top to save electricity and water.

Day Nineteen

- I set the heating to 20°C to save energy
- To avoid having to turn the heat up too high, I tried to stay warm.

Day Twenty

- I recycled paper.
- I reused some paper that was already used on one side to make notes and not waste new sheets.
