***Request of solar panels for Martinho Árias Primary and Secondary Schools***

**Subject:** Installation of solar panels at Martinho Árias Primary School and Martinho Árias Secondary School

**From:** 8B Class of Martinho Árias Secondary School

**Dear Mr Mayor,**

On behalf of 8C class, and following the proposal presented by our class at the Municipal Assembly session on February 28, 2023, we hereby request the installation of solar panels on the roof of Martinho Árias Secondary School and/or Primary School. To justify the investment, we have come up with some arguments, which support our claim:

- ☑ It is renewable, inexhaustible and more economical;
- ☑ Its maintenance cost is low;
- ☑ It is a clean energy that helps reduce the emission of carbon dioxide and other greenhouse gases;
- ☑ It reduces the school's dependence on fossil fuels and does not generate waste.

**We would also like to suggest some areas where the solar panels could make the difference:**

We are all looking forward to your reply. Our deepest thanks in advance.

Yours truly,

8C Class (translated by 8B Class)
